WORK EXPERIENCE 2024 - 2016

2024

Feb-May **Frontend Developer | KPI Media |** Internship

- Develop websites for new clients using wordpress
- Worked independently remote.
- Upgrade the UX/UI on current client websites
- Design the UI for all new clients, using Figma.

2023 - 2024

Dec-Feb **Frontend Developer | Stryda AB |** Internship

- Develop admin tools
- Worked close in team with the designers and backenders
- Upgrade the UX/UI

2022

May-Jun **IT-Project Manager | MTR Nordic |** Internship

- Scrum-Master over a smaller devops team of 4 people
- Assisted main project manager with interviews and projects
- Lead a project for internal communication with vital information (+200h)

2019 - 2024

Traffic Management | MTR Nordic

- I worked as a traffic manager in the metro, with the main focus on safety, punctuality and client satisfaction. This has given me experience working under extremely pressured situations and collaborating with people in other professional roles.

2016 - 2019

Metro train-conductor | MTR Nordic

- Work independently, work according to a second precise schedule and transport passengers within the subway safely from point A-B.

EDUCATION

2022 - 2024

Jensen Education YH | Frontend Development

- Web development and communication
- JavaScript, TypeScript, React, Node.js, HTML, CSS
- UI/UX
- Also an overview of adjacent areas such as project management, testing and backend development.

2021 - 2022

IT - Höskolan YH | Project Management

- Certified Project manager
 - Within Agile project methodology and PPS
- Winner of hackathon 2021
 - An annual school game project
